

# Crop Technology Specialists deliver research, technology and information through . . .

## OMAFRA Newsletters and Crop Updates

The following newsletters are available on-line or through subscription to help you know what is happening in your industry:

- Crop-Pest Ontario
- Crop Talk
- Greenhouse Grower Notes
- Hort Matters
- Ontario Berry Grower
- Orchard Network
- The Tender Fruit Grapevine
- Vegetable Viewpoint
- Berry Bulletin
- Potato Update
- Processing Crop Updates for Vegetables

## Research and Demonstration Trials

Specialists working with provincial and local agricultural organizations to evaluate new technology and management ideas on-farm.

## Seminars/Workshops/Tours

From farm tours to hands-on workshops, Crop Technology Branch Specialists work with agricultural organizations to deliver crop management information. Check the *Crops Conferences and Meetings* page on the OMAFRA website.

## Conferences and Presentations

Technical Specialists are available to present information on a wide variety of new technologies.

## OMAFRA Agriphones

Voice messages that provide timely information and recommendations on insects, diseases and production management throughout the growing season. Message can be accessed 24/7 at your convenience or through the OMAFRA website at [www.omafra.gov.on.ca/crops](http://www.omafra.gov.on.ca/crops)

- |                        |                |
|------------------------|----------------|
| • Cropline             | 1-888-449-0937 |
| • Maple Syrup          | 1-888-290-4441 |
| • Nursery/Landscape    | 1-888-290-4441 |
